2 Read about Joe's helicopter adventure and choose the correct option, A or B.

My Adventure in a Helicopter!
Last Sunday, I went in a helicopter for the first time. I went with my mother and the pilot. My mother went in a helicopter with her father once when she was a child and really liked it. The helicopter ride was a birthday present for me and I was very excited.
We left the house to go for the helicopter ride. It was a sunny day, but there were a few clouds. My mother was worried about the clouds. The helicopter pilot said the weather was OK though and so I didn't worry.
It was amazing to be so high in the sky. I loved it. I looked out of the window and down at the land below. It was beautiful up in the sky. The sound of the helicopter was quite loud, but I liked it. After about half an hour, it became very cloudy. The clouds became very dark. Then I heard the sound of thunder and I felt very frightened. We saw lightning twice. We decided to go back down to land. The storm got louder and louder and the rain made it difficult to see. My mum didn't look happy.
The pilot was very good. He got us down to the ground. We ran through the rain into a building and drank some hot chocolate. The storm lasted for a while, but then the sun came out. The pilot took us back up into the sky and we had a wonderful helicopter ride. I was a very happy birthday boy!
